

Manifesto Hamza

I am honoured to have the opportunity to run for the education student officer role in the student union. Over the past three years, I have had the privilege of working closely with various societies to create and organise amazing events. This experience has given me a deep understanding of the needs and desires of our student body, and I am committed to using this knowledge to make a positive impact as a student officer.

In addition to my work with societies, I have also set up my own events company. This has given me valuable experience in event planning, organisation, and execution. I have a passion for creating engaging and memorable experiences, and I am eager to bring this passion to the role of student officer.

As a student officer, my primary goal will be to increase student engagement and retention levels. I believe that one of the best ways to achieve this is through the creation of more events and activities that cater to the diverse interests of our student body. By incorporating a wider variety of events, we can ensure that every student feels included and has the opportunity to participate in activities that interest them.

I am committed to working closely with all four departments, including Arts and Creative Industries, Business and Law, Health, Social Care, and Education, as well as Science and Technology, to understand and cater to the specific needs of each department. By collaborating with department representatives, faculty, and students, I will ensure that the events we organise are tailored to the unique interests and aspirations of each department.

Whether it's academic workshops, cultural celebrations, or social gatherings, I believe that a vibrant events calendar can enhance the overall student experience and contribute to a more positive and connected campus community. I am dedicated to serving as a student officer who listens to the needs of the student body and works tirelessly to create a campus community that is vibrant, engaging, and supportive.

In addition to increasing engagement, I also believe that events can play a crucial role in supporting academic success. By organising events that are both educational and enjoyable, we can create opportunities for students to learn, grow, and thrive outside of the classroom. I am committed to working with faculty, staff, and students to identify areas where events can support academic goals and enhance the overall learning experience.

I am excited about the opportunity to bring my experience, passion, and vision to the role of student officer, and I hope to earn your support in the upcoming election.

Thank you for your consideration!
