

MANIFESTO PLAN OF ACTION (STUDENT TRUSTEE)

Together, WE can make things happen!

My name is **Lawrence Nnadi** and I am a postgraduate student of Human Resources and Management and I am contesting for the post of a student trustee. I strongly believe in the power of student representation and the importance of promoting the interests and well-being of all students. As an intending student trustee of **MDXSU**, I am committed to creating a more inclusive and equitable environment that fosters learning, personal growth, and community engagement.

Firstly, I believe that every student has the right to a safe and welcoming learning environment. This means actively promoting diversity and challenging discrimination and harassment in all its forms. I am committed to working closely with all members of the LSESU community to ensure that everyone feels valued and respected.

Additionally, I am committed to improving access to resources and opportunities for all students. This includes working to reduce the financial burden of education, improving mental health support, and promoting academic success.

As Trustee, I have the chance to further represent students in an area that makes their university life: the richness of our societies. Transparency and Accountability: A cornerstone of effective governance is transparency and accountability. I am committed to fostering a culture of openness within our Student Union.

Finally, I believe in the importance of promoting student engagement and advocacy. As a trustee, I will work to ensure that all students have a voice in the decision-making processes that affect their education and well-being.

Overall, I am committed to being a strong advocate for all students and to working collaboratively to create a more inclusive and supportive community for everyone.

The time is now!.
