

Vision

As your Education Officer, I will ensure **every** student receives the best possible learning experience while representing all students' academic interests across the university.

**Championing Education,
Supporting Every Student**

Establish alternative submission methods for students with learning difficulties

Develop effective feedback mechanisms between students and faculty

Adopt mutual understanding between staff and students, especially regarding workload management as they experience personal difficulties

Provide dedicated support for international students facing visa concerns

Ensure ALL student voices are central in shaping educational experience
