

“Vote your voice”

Dear MDX Community,

My name is **M S Murali Krishna**, and I am excited to introduce myself as a candidate for the position of **President** at the **Middlesex University Students Union (MDXSU)**. I am currently pursuing MSc in Data Science and an **SVL** in the course. I conducted several activities at my college during my aeronautical graduation and played an important role in my former company as an associate lead. I believe my previous roles and experience will fulfill the responsibilities of this pivotal role.

My decision to run for Student President stems from my desire to enact positive change and address the issues that matter most to our student body. With that in mind, I am proud to present my manifesto, which outlines key areas of focus for my candidacy.

Enhancing Academic Support: I am committed to working closely with faculty and administration to improve academic resources and support services. This includes advocating for enhancing tutoring programs and promoting initiatives for mental health and well-being.

Promoting Diversity and Inclusion: I believe in the strength of diversity and the importance of creating an inclusive environment where every student feels valued and respected. I will strive to implement diversity training programs, support cultural organizations, and foster dialogue on important social issues.

Student Welfare: Your well-being stands as my utmost priority. I vow to prioritize initiatives that promote mental health awareness, provide support services, and cultivate a safe, inclusive campus environment where every student feels valued and respected.

Facilitating Career Development: I recognize the importance of preparing students for success beyond graduation. I will collaborate with career services to expand internship opportunities, organize networking events, and provide resources for professional development.

Promoting Student Engagement: I am committed to increasing student engagement and participation in campus activities. This includes organizing events, fostering collaboration between student organizations, and implementing feedback mechanisms to ensure that student opinions are heard and valued.

Transparency and Accountability: I am dedicated to upholding transparency and accountability in leadership. I will ensure that university decisions are made with student's best interests in mind and remain accessible and approachable to address any concerns or questions you may have.

I firmly believe that by working together, we can create a more vibrant, inclusive, and supportive campus community. As your Student President, I am dedicated to representing your interests and advocating for positive change.

Thank you,

Sincerely,

M S Murali Krishna.
